Title : Design and develop custom Application (Mini Project) using

Salesforce Cloud.

## STEPS TO CREATE AN APPLICATION(mini project) :

1. Open salesforce in Lightning Experience

2. Open App Launcher → View all → Quick Search → App Manager → Click on New Lightning App → fill the mention information → Next → App option(optional) → Next → Add Utility (optoinal) → Next → Navigation Item(you can add item) → Next → User Profile(use the user profile that can access this app) → Save and Finish.
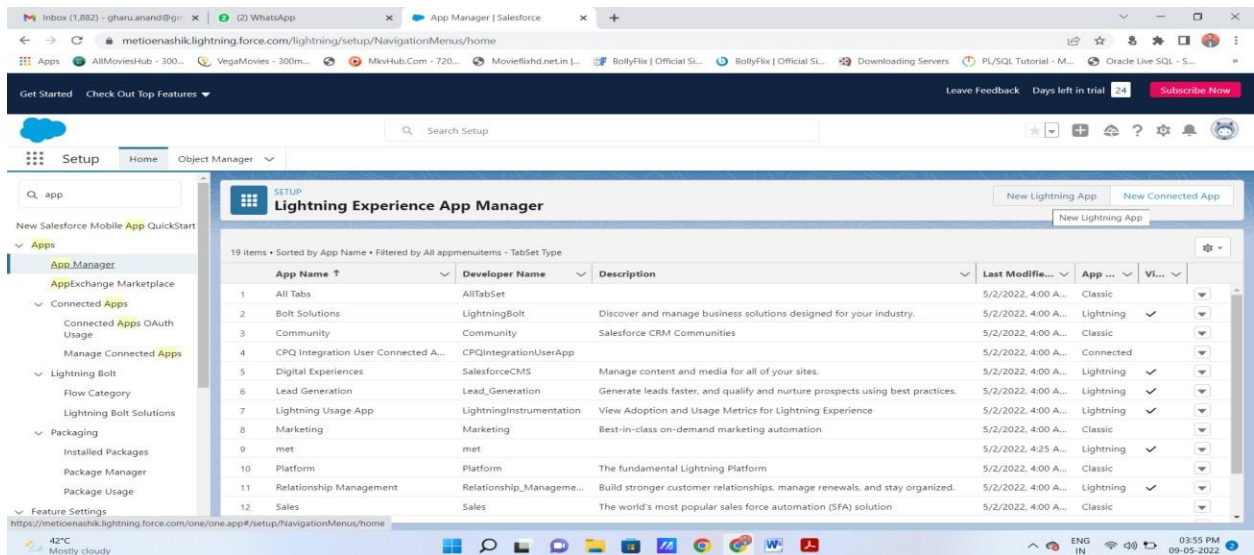

You will get Lightning Experience App Manager Window → Search Your App by its name in App Launcher → just by entering some character, you can see app name with its logo → Click on App → you can see your application appearance in window → Output
